

AEAS_4-6 年级真题之四

YEAR 4-6

Reading Text 1

Do you like video games? Lots of people do. There are many types of video games. Some people like action games. Other people like driving games. But the most popular game of all time is a puzzle game.

Tetris is a game about making lines. Blocks fall from the top of the screen. They fall one at a time. The player moves the blocks. Once the blocks hit the bottom, they are locked in place. Players try to make lines go across the screen with no gaps.

Complete lines disappear. This gives players more room. The blocks pile up during the game. The game ends when the blocks get to the top of the screen.

A man named Alexey made Tetris in 1984. All the pieces in Tetris have four blocks. The word "tetra" means four. Alexey named his game after tetra and tennis. He made Tetris while working at a science academy in Moscow. Moscow is in Russia.

Alexey made his game on a screen that only showed letters. He could not use blocks. The blocks were made out of letters in the first game of Tetris. Still, all Alexey's friends loved his game. It was easy to learn and fun to play.

Soon the game spread across the world. It was on every computer. It was in arcades. It came with every one of Nintendo's Game Boy. More than 100 million Game Boys were sold. Tetris was all over the place. Even today Tetris comes with many phones.

Dr. Richard Haier has studied Tetris players. He ran many tests. He found that playing Tetris boosts mental activity. Dr. Haier thinks Tetris is good for the brain. I agree with this finding. Now go and play some Tetris. It's just what the doctor ordered.

1. What is this article about?
 - a. Video games
 - b. Tetris
 - c. Alexey
 - d. Blocks

2. What is the goal of Tetris?
 - a. To make tall piles of blocks
 - b. To match the colors of blocks
 - c. To make complete lines
 - d. To get blocks to the top of the screen

3. After which is Tetris named?
 - a. Fish
 - b. The number ten
 - c. Paris
 - d. Tennis

4. Where was Alexey when he created Tetris?
 - a. Paris
 - b. Russia
 - c. The United States of America
 - d. Germany

5. What is the highest selling game of all time?
 - a. A driving game
 - b. Call of Duty
 - c. Tetris
 - d. An action game

6. Which event happened first?
 - a. Tetris was played with letters instead of blocks
 - b. Tetris was released on the phone
 - c. Tetris was released in the arcade
 - d. Tetris was brought to the Game Boy

7. What is the main idea of the second paragraph?
 - a. To persuade readers to play Tetris
 - b. To explain how Tetris is played
 - c. To describe different types of games
 - d. To compare Tetris to other puzzle games

8. According to Dr. Richard Haier, which is true about Tetris?
 - a. Tetris lowers blood pressure
 - b. Tetris increases physical strength
 - c. Tetris boosts mental activity
 - d. Tetris has no positive side effects

9. What happens to a block that hits the bottom and does not form a complete line in Tetris?
 - a. It disappears and reappears at the top.
 - b. It is locked in place.
 - c. The player moves the block.
 - d. It gives the player more room.

10. Why did the first game of Tetris use letters instead of blocks?

- a. Alexey did not think to use blocks
- b. Alexey thought letters were more fun
- c. Alexey's screen could only show letters
- d. Alexey wanted to teach people to read

The word 11 _____ means the block has four pieces. It was named after a sport which is 12 _____

Reading Text 2

Metal Detectors

Have you ever been to the beach? Did you see a man with a headset pointing a long pole at the ground? If so you might have seen a person using a metal detector. People use these devices to find metal.

Metal detectors make magnetic waves. These waves go through the ground. The waves change when they hit metal. Then the device beeps. This lets the person with the device know that metal is close.

The first metal detectors were meant to help miners. They were big. They cost a lot of money. They used a lot of power. And worst of all, they didn't work well. People kept trying to make them better.

Metal detectors got smaller. Now they are light and cheap. They also work better. That is why people bring them to the beach. They can look for rings in the water. They can look for phones in the sand. Metal detectors help them find these things. They usually just find junk though.

Metal detectors also protect people. They help to keep guns out of some places. They are in airports. They are in courthouses. Some schools use them. They help guards look for weapons. Guards use special wands to find metal on a person.

www.globalielts.com.au

These devices save lives in other ways too. During wars, people plant bombs in the ground. When the war ends, they don't clean up their messes. This is unsafe for the people who live in those places. Others use metal detectors to find bombs. They remove them and help the people.

These devices also make clothes safer. It sounds funny, but it's true. Most clothes are made in big factories. There are lots of needles in these places. Needles break from time to time. They get stuck in the clothes.

They would poke people trying them on. They don't though. That's because our clothes are scanned for metal. Isn't that nice? Let's hear it for metal detectors. They make the world a safer place.

13. Which was not one of the problems with the first metal detectors?

- a. They were too big. b. They were too expensive.
- c. They didn't work well. d. They were unsafe.

14. Which best describes the main idea of the second paragraph?

- a. It describes the sounds of a metal detector. b. It explains how metal detectors work.
- c. It warns about the effects of metal detectors. d. It explains how magnetic waves move.

15. How do metal detectors make clothing safer?

- a. Metal detectors make sure factory machines are working the right way.
- b. Metal detectors make sure workers don't bring weapons into factories.
- c. Metal detectors make sure that broken needles don't get into clothing.
- d. Metal detectors help people recover lost clothing at the beach.

16. Why were metal detectors first used?

- a. To help miners b. To help security guards
- c. To help doctors d. To help soldiers

17. According to the text, metal detectors have been used in all of the following except which?

- a. schools b. churches
- c. courthouses d. airports

18. How do metal detectors help soldiers?

- a. They warn soldiers when bullets are coming. b. They help soldiers find hidden bombs.
- c. They find weaknesses in their armor. d. They create a relaxing beeping noise.

19. Why do people bring metal detectors to the beach?
- a. Metal detectors help people keep the sand clean and safe.
 - b. Metal detectors look cool.
 - c. Metal detectors help people find valuable items.
 - d. Metal detectors help guards keep weapons away from the beach.
20. Which happens first?
- a. The metal detector beeps alarmingly.
 - b. The magnetic waves hit metal and change.
 - c. The magnetic waves go through the ground.
 - d. The metal detector creates magnetic waves.
9. How did metal detectors get better over time?
- a. They became cheaper.
 - b. They became lighter.
 - c. They began working better.
 - d. All of these.
21. Which title would best describe the purpose of this text?
- a. A Day at the Beach: Using Your Metal Detector to Find Things
 - b. Metal Detectors: a Complete the Story of Their Invention
 - c. Magnetism and More: How a Metal Detector Works
 - d. Metal Detectors: What They Do and How We Use Them

Metal detectors got smaller, 22 _____ and 23 _____. They also work better. They can look for 24 _____ in the water and 25 _____ in the sand. However, usually metal detectors just find 26 _____.

We also use metal detectors for our clothes, to check stuff like 27 _____, which are easily get stuck in the clothes. During wars, people plant 28 _____ in the ground. Metal detectors are used to clean up the 29 _____. The device help people to make the world a 30 _____ place.

Vocabulary Test

Part 1 Word Meanings

30. So much advice is...

a. helping Magda.

b. making Magda nervous.

c. confusing Magda.

Writing Task

Describe one thing you want to do by the time you leave 9th grade

-What would you do?

-What are the possible problems you will encounter

-Describe how are you going to solve these problems

You must write more than 150 words

You will be assessed on:

The accuracy of your language.

Your use of vocabulary

The content and organization of your text.

SPEAKING TASKS

PART 2 – PICTURE TASK 3-4 mins

You will be given a picture like this:

The following questions are the kinds of questions that you might be asked:

Birthday party

Have you had your own birthday party?

Where did you have this party

How did you prepare for this party

Did your parents help?

How big was the party, how many people did you invite

Did you enjoy this party?

PART 3 - MONOLOGUE 4-5 MINS

You will be given a topic card:

Prepare for two minutes and talk for one minute about your teachers

Do you have a favorite teacher

更多内容请访问澳洲墨尔本游洋教育网站

www.globalielts.com.au

Who is she/he

What subject does she/he teach

What makes he/she different from all the other teachers

Follow-up questions:

Do you think teachers are important ?

Describe the funniest thing ever happened with one of your teacher

What do you think teachers should do, if a student did not make a effort to learn ?

Would you choose to become a teacher someday in the future?

Tell me about your plan if you switch places with your English teacher.
